## **MASTER OF BUSINESS (#32) – STUDY PLAN SUPPLY CHAIN MANAGEMENT**

*Program code: 5583*

Please consult with your Postgraduate Student Liaison Officer to create your study plan to ensure UQ program requirements and online courses are completed.

Students must complete the MITx MicroMasters Credential, comprising five online modules and the final capstone exam. Students must also obtain a Verified Certificate (at a cost of US\$200) for each MITx module. Five courses are needed to qualify for the capstone exam totalling US\$1,000. The capstone exam fee is estimated between US\$600-\$800. Further information can be found at [scm.mit.edu/micromasters](https://scm.mit.edu/micromasters)

In any compulsory study period (i.e. Semester 1 and Semester 2 each year), international students must study at least one course at UQ that is not online or distance education. International students on a student visa who complete all necessary UQ requirements for the MBus(#32) program and still have MITx MicroMasters courses outstanding will not be able to stay in Australia, and will be required to return to their home country and successfully complete the necessary requirements through MITx before the MBus(#32) can be awarded.
